Dear Mr. Talon:

A careful review of your application and physical examination performed on March 2, 2006, discloses that you do not meet the medical standards prescribed in Title 14 of the code of Federal Regulations (CFR), Part 67.413. By virtue of your failure to provide requested information as outlined in our letter dated July 21, 2006, (copy enclosed) we have no alternative except to deny your application for Aerospace Medical Certification.

While we sincerely regret the necessity for this action, you will understand that it is required under the existing Title 14 CFR, Part 67, and is taken in your interest as well as that of aviation safety.

If in the future you still desire medical certification, we will be happy to give you further consideration upon receipt of the information outlined in our previous letter dated July 21, 2006.

Use of the above reference number(s) and your complete name on any correspondence or reports will aid us in locating your file.

Sincerely,

*Darla L. Harris* for

Warren S. Silberman, D.O., M.P.H.  
Manager, Aerospace Medical Certification Division  
Civil Aerospace Medical Institute

Enclosure: Copy of March 30, 2006, May 3, 2006 and July 21, 2006 letters

cc: Louis D Leone D.O.
